

## Terms and Conditions in English

**The cost is formed by the membership fee + seasonal fee / half term (spring or fall).**

Circus hobby is also teamwork! Please inform us of any changes [toimisto@lintsinsirkus.fi](mailto:toimisto@lintsinsirkus.fi).

The place in the group is automatically reserved for the next season.

**Cancellation via email to [toimisto@lintsinsirkus.fi](mailto:toimisto@lintsinsirkus.fi).**

### Membership Guarantee:

For former circus school students, the spot in the group is automatically reserved from one semester to another. **To cancel, simply send an email to [toimisto@lintsinsirkus.fi](mailto:toimisto@lintsinsirkus.fi) before the due date**, which we will reply to. Please note that an unpaid fee is not considered a notice of termination. Terminations received after the due date obligate payment of the invoice. The membership fee applies to everyone, and there is no refund.

The invoice will be sent electronically in two parts: the membership fee in advance before the start of the season, and the activity/seasonal fee afterward.

Continuing in the circus school is made as effortless as possible for the students. This ensures that the student is welcome and has a spot with insurance coverage for the next season. A single email is sufficient to release the spot for the next season. Information about the new season and membership fee is provided annually well in advance to allow sufficient consideration time. No compensation can be claimed for the invoice after the due date. The activity fee is billed separately, and its due date is after the trial sessions.

The membership fee is for: reservation of a place in the circus school group and a trial period before the due date of the activity/seasonal fee. The membership fee also includes administrative costs and comprehensive insurance covering emergency medical expenses\*.

As a member of the circus school, you are also a member of the Finnish Youth Circus Association. Being a member of the circus school comes with additional benefits such as discounted tickets to circus performances and other discounts. You will also receive priority information about camps and courses, a monthly newsletter, and invitations to the association's annual meetings.

\*Insurance

Always inform the office of any bumps or injuries during class for further action.

Do not delay in reporting injuries. Immediate assistance is available at the designated circus school location for students. The group sports insurance provided by the circus school covers accidents that occur during practice and their emergency medical expenses. If the injury is long-term, having also your own accident insurance is beneficial. The circus school's insurance does not cover equipment damage, so valuables should be securely stored during practice (glasses, phones, etc.).
